

# UK IPv6 Council - BT Update

Neil J. McRae - Chief Architect, BT  
31<sup>st</sup> October 2016

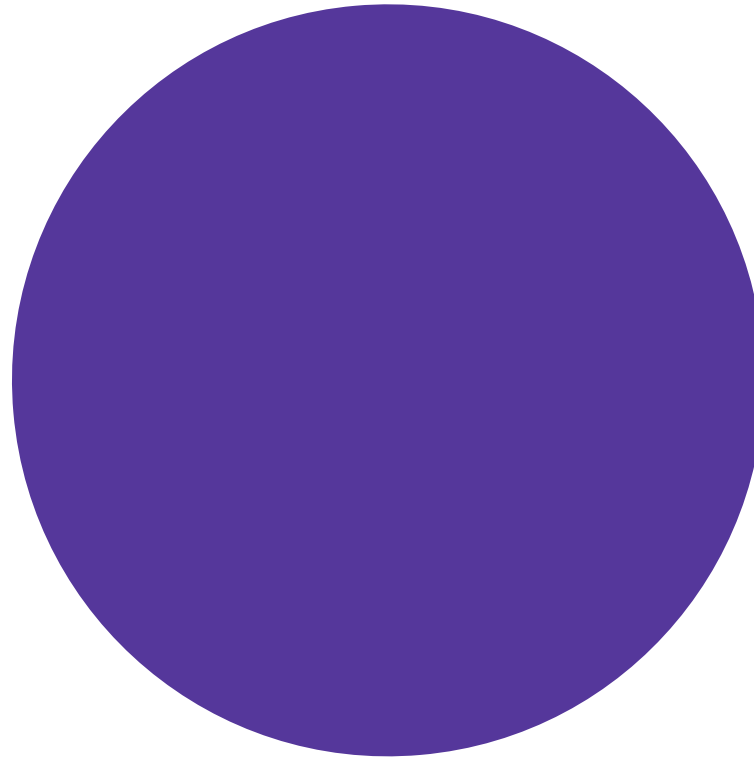

# It wouldn't be an IPV6 event without pie charts

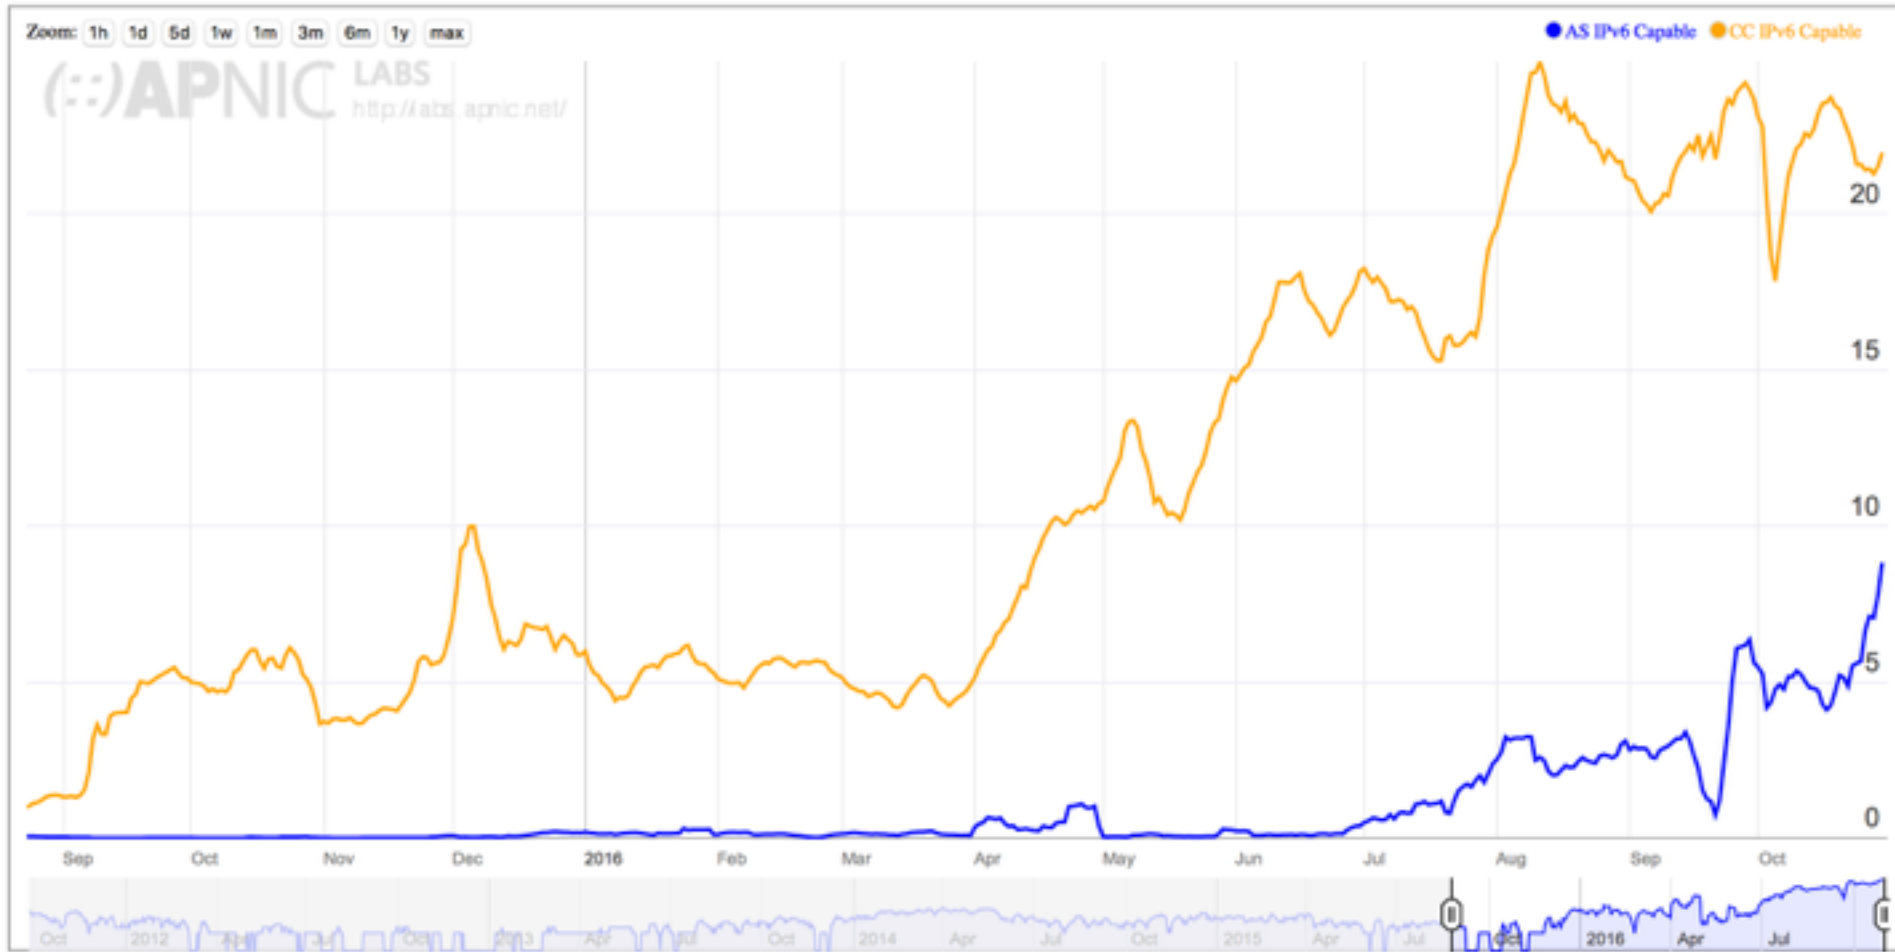

# Pie chart of IPV6 availability on BT 21C

IPV6

● Availability

# Take up of IPV6

# Speed of G.FAST connection

# IPv6 on BT Broadband and BT Infinity Broadband Rollout

- Network rollout was completed October 2016
  - All BT Broadband lines support IPv6 with a compatible router, except IPstream connections
  - Supported by the new BT Smart Hub today (the one with the fantastic wifi!).
- Home Hubs 4 and 5 support from early 2017.

# BT IPv6 Business Broadband Rollout

- BT Business Broadband and Business Infinity support from Q1 2017
  - Business will have a static IPv6 option (/56)
- BTNet High Speed Internet has had IPV6 for five years.

Thank you
